ILLINOIS COMMERCE COMMISSION 2007 ESTIMATED GROSS REVENUE RETURN

GENERAL INFORMATION

Public Utilities - Illinois Public Utilities, as defined in the Public Utilities Act [220 ILCS 5/3-105] (Act) which owe \$10,000 or more in gross revenue tax in accordance with the Act [220 ILCS 5/2-202] must file **Estimated** Gross Revenue Returns. This does not include utilities whose gross revenues are excluded from the tax under the Act [220 ILCS 5/2-202(c)].

Rail Carriers - Illinois Rail Carriers, as defined in the Illinois Commercial Transportation Law [625 ILCS 5/18c-1104] (ICTL) are required to file Gross Revenue Tax Returns under the ICTL [625 ILCS 5/18c-1502] in accordance with the Public Utilities Act [220 ILCS 5/202] (Act). Under the Act, Rail Carriers which owe \$10,000 or more in tax annually must file **Estimated** Gross Revenue Returns.

The Estimated Gross Revenue Return is due **January 10** of the tax year for which the estimate is being made. All of the estimated tax for the year may be paid with the January 10 Return. If a company chooses, they may pay one quarter of the estimated tax due with the January 10 Estimated Return and make subsequent quarterly installments to be paid on or before the 10th day of the succeeding APRIL, JULY AND OCTOBER. Each quarterly estimated tax installment must accompany an Estimated Gross Revenue Return form. If a significant understatement or overstatement of estimated revenue has been made, the company should file a Revised Return.
